

Dear pharmacist,

Our client would like to buy Scarfix at your pharmacy, a product designed to minimize disfiguring scars.

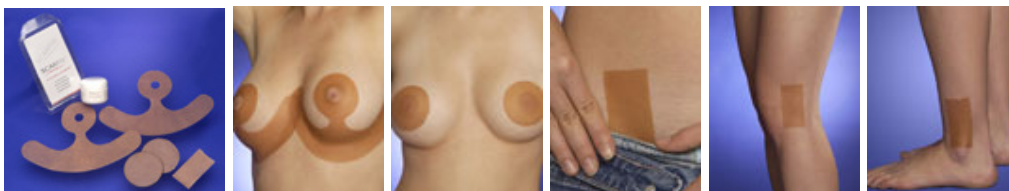

SCARFIX™ is a derma-repair treatment system for scars resulting from wounds, surgery, burns, acne cysts, etc. **SCARFIX™** fights hypertrophy and keloids. The **SCARFIX™** gel can also be used as a skin repair treatment for rosacea and recent stretch marks.

THE SCARFIX™ SOLUTION: A UNIQUE SYSTEM

SCARFIX™ is a new and unique system composed of two products (gel and silicone sheeting) that are formulated to work in conjunction with each other (synergy).

You can order* it by phone at 514-390-9400 or by email at info@scarfix.ca.

For further information, visit www.scarfix.ca or contact Claude Marquis at 514-390-9400.

Did you know that some private insurers consider the Scarfix system a medical expense and offer a refund with a copy of the doctor's prescription? Contact the insurer(s) to see if your client qualifies.

Yours sincerely,

S.R. Produit Innovateurs Inc.
